Multipurpose Automatic Transmission Fluid

Description

- Pride Plus Advantage Premium Multipurpose Automatic Transmission Fluid is an automatic transmission fluid formulated to meet the needs of high performance, multi-purpose, power transmission fluid requirements. It is designed for use in passenger car and light truck automotive transmissions. It is a blend of high quality base oils and premium additives that provide outstanding oxidation and thermal stability, friction control, load-carrying ability, corrosion and wear protection as well as preventing the accumulations of deposits and the formation of sludge, varnish, and foam.
- It is especially effective in reducing and minimizing annoying transmission "chatter".
- It also provides fast circulation during cold weather and excellent lubrication and performance when hot.

Features

- Provides quiet shifting
- Reduces wear of critical parts
- Reduces maintenance costs and extends transmission life
- Universal unlicensed product that meets prior GM/Ford ATF standards
- Outstanding thermal stability and oxidation resistance
- Eliminates transmission noise and vibration
- Inhibits foaming
- Protects transmission against rust, corrosion and varnish

Typical Properties

| | |
|-----------------------------|---------------|
| Viscosity | |
| @ 40°C, cSt | 33.8 |
| @ 100°C, cSt | 6.9 |
| Viscosity Index | 173 |
| Brookfield Viscosity | |
| cP @ -40°C | 13,550 |
| Flash Point, °C | 212 |
| Pour Point, °C | -36 |
| Color | Red |

NOTE: The values are representative of current production and may vary within modest ranges.
